FINISHING	Smoked
FINISH	Hard UV-Cured Oil
TEXTURE	Wire Brushed

A favorite among our oiled hardwood floors, the stunning dark wood is punctuated with broad wire brushing. The specialized hand-applied coloring creates a deep, rich espresso inter-played with soft white to enhance the grain of the planks.

Sawyer Mason floors are constructed from real wood. Wood is a natural material derived from a living tree. Thus, every piece of Sawyer Mason flooring will have a unique appearance often expressed as naturally-occurring color variation, texture, and grain patterns.

In person and online photographic images, or samples provide a representation of the product's appearance, but are not always comprehensive in terms of the full range of color, texture, and grain variations found in the finished product. Images provided on the Sawyer Mason website, as well as any pamphlets or brochures provided, are for reference only and should not be used as the sole basis for choosing a particular style of flooring.
